

## Champaign Park District Youth Soccer Practice Field Recommendations

The following parks are owned by the Champaign Park District. There are churches and schools that also have available space. Check with them before practicing there.

Not every park has comments listed. For instance, some parks may be large enough for middle school teams even if doesn't specifically mention middle school. Atom teams should try to practice on Atom only fields if possible. Ditto for Atom and Bantam. Please share the field with other soccer teams. During the Fall season CIYFL Football teams may also be in some of the parks.

Neighborhood parks with **FULL SIZE GOALS** are reserved for Champaign Park District Youth Soccer Teams Monday – Thursday 5pm to 8pm. (Johnston excluded.) If another group is there please email the Youth Sports Coordinator.
